Objective: *Quality and accuracy of execution are constant priorities for me as an experienced ship modeler. Not surprisingly, I am particularly interested in software quality issues in the IT industry. Therefore, I plan to develop as a software tester in the future to contribute to the development of really high-quality products for your company.*

Belhard Academy graduate – 2022

Certificates confirming the successful completion of the courses and internship:
- ✓ «Software Testing Engineer», **Test 00573**
- ✓ «Software Testing Engineer. Professional Level», **Test 200048**
- ✓ «Internship: Software Testing Engineer», **S-Test 00036**
